

40x89 Medium Duty Die Spring

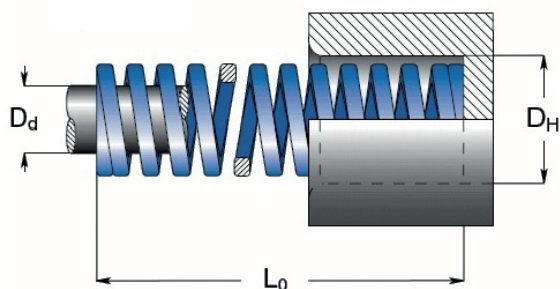

Blue colour coded die spring suitable for a host of medium load applications. Manufactured from a high quality steel and surface treated for added protection against everyday usage, each batch of product is rigorously tested to ensure each spring will bear load under stress without breaking or losing quality. Every batch of springs is subject to a rigorous testing procedure to ensure that a consistent quality is maintained. Longer springs should be guided along their course.

Features and Benefits

- Manufactured from a high quality steel to ensure durability over extended use
- Surface treated to bolster resistance to wear and tear
- Blue colour coded to give you instant visibility of the load range of the springs
- Has undergone rigorous testing to ensure it meets the necessary requirements under load

Technical Specifications

- Material: Steel
- Outside diameter (DH): 40mm
- Wire diameter (Dd): 20mm
- Length (L0): 89mm
- Rigidity: 90.7Nmm

Typical Applications

- Ideal for everyday use in various pieces of office hardware as well in industrial applications for equipment and machinery
